**TITLE:** Integrated Ecotourism Management in Indonesia

**Description:** In Indonesia, the recent economic transformation from agriculture to manufacturing and services is facing serious problems, largely due to a lack of skilled human capital and unsustainable use of resources. The tourism sector reveals similar problems where despite projections of growing numbers of foreign visitors to 20 million by 2020, uncontrolled growth and careless profit seeking are emerging at the cost of human, natural and cultural resources. Fragmentation of policies, regulations and approaches in the absence of modern management capacity is rendering tourism a most vulnerable sector to myopic views of tourism as an easy driver of a cash economy of 9.1% of GDP and a ruthless earner of foreign exchange of \$10 billion in 2013. Despite the Government's resort to conventional ecotourism, hoping that it would lead to sustainable conservation of bio-cultural resources and improved living standards of rural people, such rather univocal strategy falls short of solving the multifaceted goal to attain sustainable tourism conserving bio-cultural diversity while developing the economy. In order to reverse the process of mismanagement of the tourist sector and its negative impacts on the Indonesian society and resources, there is an urgent need for modern programs in Indonesia's higher education system to train specialised managers and scientists who are capable to implement a comprehensive approach of integration of eco-, ethno-, cultural- and community-based tourism at all levels in order to understand and solve the current complex problems of tourism in Indonesia. The innovative multidisciplinary MSc program of Integrated Ecotourism Management (INTEM) jointly designed by European and Indonesian education scientists provides an excellent response to such urgent need of higher education of expert managers in the country by fostering an output of graduates of integrated ecomanagement and ethics of tourism guided by pedagogical strategies of the Bologna Process and a mul

**Capacity Building in Higher Education**

**Before you begin completing this eForm:**

- Test your connection to the Agency's online submission service. Click on the 'Test your connection' button in the footer of the eForm. This is not to submit your form but merely to test that your software settings and internet connection allow an application to be submitted. If having clicked on this button, you do not receive a confirmation that your connection was successful, please consult the 'Known issues' section of the eForm homepage. Here you can find, amongst other things, advice on internet settings and Adobe (Reader or Acrobat) security settings, either of which can prevent a successful connection to the Agency's online submission service. Please note that, if after performing a successful test, you move your eForm to a different computer or upgrade your version of Adobe Reader, you will need to perform the test again. This is because the original test result will no longer be valid. For a fuller description of how the 'Test your connection' function works please consult the eForm User Guide.

- Check that you have the latest available version of the eForm. In the event of a significant eForm problem arising, the Agency may decide to make available an updated i.e. corrected version of the eForm. The latest version number of each eForm is displayed on the eForm homepage whilst specific details of any problem and its impact would be published on the funding opportunity webpage of the programme concerned.

**Subject:** Erasmus+ Capacity Building in Higher Education - Call for Proposals EAC/A05/2017

**Reference:** Your application 599020-EPP-1-2018-1-NL-EPPKA2-CBHE-JP  
Integrated Ecotourism Management in Indonesia

Dear Prof. Mr. Stolker,

You have submitted an application to the Erasmus+ programme, 2018 call for proposals for the action specified above. The call for proposals closed on 8/02/2018. The Education, Audiovisual and Culture Executive Agency (EACEA) received 874 eligible applications for this call.

I am writing to inform you about the selection decision taken by the Head of Department of the Agency, acting in her capacity as authorising officer, based on the recommendations of an Evaluation Committee assisted by external experts.

The selection decision is based on the quality of the application, its relative position in comparison to the other applications submitted and the budget available. Applications were assessed on a scale from 0 to 100 and were ranked by Region according to merit. In addition, and in line with the provision of the Programme Guide regarding the definition of the list of projects recommended for funding, the Evaluation Committee has also taken into account the results of the consultation with the EU Delegations in the Partner Countries. Lastly, the selection decision also took into account the geographical balance within a region in terms of the number of projects per country (within the limits of the available budget), the need to ensure that the overall results of the selection guarantees a sufficient coverage of the priorities of the Action and the respect of the condition that an applicant organisation cannot receive more than three grants under this Call.

I am pleased to inform you that your application has been selected for EU co-funding.

The table below provides you with an indication where your proposal was situated. Your application was considered as **Group II**.

- Selected from 874 eligible applicants worldwide
- Project's grant 900.348 euro

## MEMORANDUM OF UNDERSTANDING

The undersigned, Partners/Beneficiaries of the international Project Consortium on Integrated Ecotourism Management in Indonesia (INTEM), being the joint recipients of the subsidy of Euro 900.349,00 from the Education, Audiovisual and Culture Agency (EACEA) of the Erasmus Plus Programme for Capacity Building of Higher Education (CBHE) of the European Union in Brussels, hereby agree that all Partners/Beneficiaries in The Netherlands, Greece and Indonesia will fully cooperate for the proper implementation and successful completion of the INTEM Project from its starting date of 15.1.2019 onwards in accordance with the tasks and responsibilities established in the Grant Agreement and its Annexes No. 2018-3016/001-001 Project Ref. No. 599020 EPP-1-2018-1-NL-EPPKA2-CBHE-JP 256.1.2019, dated and under-signed by Leiden University (UL) and the Education, Audiovisual and Culture Agency (EACEA) on 17.1.2019, with special attention to the contractually agreed support of Leiden University for the LEAD Programme as the agreed Executing Organisation for the coordination, management, finances, distribution of tasks, salaries, declarations and reports of the Project under the direction of the appointed Projectmanager Prof.Dr. L.J. Sikkerveer, as follows:

**Project Organisation, Coordination & Management:**  
 As agreed upon among the Partners/Beneficiaries as a condition in the application of the joint INTEM Project proposal to EACEA of the European Union on 7.2.2018, and as such confirmed in the above-mentioned contractually agreed Grant Agreement and its Annexes, the sole agreed executing organisation of this INTEM Project is the *Leiden Ethnosystems and Development Programme (LEAD)*, a multidisciplinary Research & Training Programme, based in the Faculty of Science of Leiden University, while the entire project management is carried out by the Projectmanager, Prof.Dr. L. Jan Sikkerveer, Director of the LEAD Programme, Instigator of the INTEM Project, Applicant of the Proposal (2018), and Holder of the Intellectual Property Rights (IPR), responsible for the overall administrative and financial management of the Project throughout the entire lifecycle of the Project of 36 months.
